Trouble in the Office (A2 · English A2)

Tekst / Transcript

Anna: Good morning, Tom. You look tired today.

Tom: Yes, I am. My laptop did not start this morning.

Anna: Oh no. Is it very old?

Tom: It is four years old. The screen is dark now.

Anna: That is bad. Can you see anything?

Tom: No, nothing at all. Maybe a small chip inside is broken.

Anna: My brother can fix computers. He is very good.

Tom: Really? That is great news. I need help fast.

Anna: I will send you his link. He has a nice website.

Tom: Thank you so much. Please send it to my phone.

Anna: Okay. Do you have your smartphone with you?

Tom: Yes, it is here in my bag. It works well.

Anna: Good. You can also use the office tablet today.

Tom: The small one from the meeting room?

Anna: Yes, that one. It is free until Friday.

Tom: Perfect. I only need one app for my notes.

Anna: Then everything is fine. But our network is slow again.

Tom: It is always slow on Monday morning.

Anna: True. And I must print ten pages now.

Tom: Is the printer working? Last week it was empty.

Anna: I put new paper in it yesterday.

Tom: Modern technology makes me tired sometimes.

Anna: Me too. Let us drink coffee first.
