After Dinner in the Kitchen (A2 · English A2)

Tekst / Transcript

Ben: That was a very good dinner, Lisa. Thank you.

Lisa: I am happy you liked it. Now we must wash the dishes.

Ben: No problem. I can help you. Where is the soap?

Lisa: It is next to the water. Use warm water too, please.

Ben: Okay. Here is your big bowl from the soup.

Lisa: Put it in the water. My brother always washes the dishes differently.

Ben: Really? How does he do it?

Lisa: He puts everything in the sink first, and then he starts. It takes hours.

Ben: My mother does it fast. She is never patient in the kitchen.

Lisa: I like your mother. Can you give me a dry towel?

Ben: Here you are. It was on the chair.

Lisa: Thank you. Now this white plate is clean and dry.

Ben: I found a small spoon under your chair. It is dirty.

Lisa: Oh no, the cat plays with my things again.

Ben: And your fork is on the floor too.

Lisa: That cat is very funny. Let us take these things downstairs to the other kitchen.

Ben: Two kitchens? You have a strange house, Lisa!

Lisa: I know. My grandmother lives there, and she cooks every day.
