A Weekend Away From Class (A2 · English A2)

Tekst / Transcript

Mia: Hi Leo! Are you free this weekend?

Leo: Yes, I am. I want to leave the campus for two days. I study too much here.

Mia: Good idea. My uncle has a farm in the north. He keeps cows and chickens.

Leo: That sounds nice. Is it far from the city?

Mia: It is two hours by bus. The whole region is very green.

Leo: Can we sleep in a tent there? I really like camping.

Mia: Yes. There is a small camp next to the trees, and it is free.

Leo: Perfect. I have my old tent, and it still works well.

Mia: My uncle can also show us his work. He talks about farming all day.

Leo: I want to learn that. My family lives in the city, so I know nothing.

Mia: He also plays football with us in the big field behind the house.

Leo: Great! And is there electricity? My phone is almost empty.

Mia: There is power, but it is not strong. Bring a book too.

Leo: No problem. How much money do we need?

Mia: Almost nothing. My uncle does not want one penny from us.

Leo: He is very kind. Thank you, Mia.

Mia: The village is quiet. Only sixty people live there, so the population is very small.

Leo: Then I can find some peace at last.
